Carter. Some of it has been in storage since 1980.

The new battle was joined immediately when USDA announced there was available only 27.7 million bushels. Jack DeVore, a spokesman for Texas Sen. Benzon, said "I think there is a problem, an error, a contradiction involved when they say some 50 million bushels have disappeared." DeVore also charged that it appeared to be another example of foot-dragging by USDA.

Under the program, livestock growers in counties that have been declared disaster areas because of the drought will be able to buy the three lowest grades of corn — grades 4, 5, and sample — at 75 percent of the government's floor price for corn.

However, livestock growers will have to pay the cost of transporting the corn to their farms and ranches.

Gene Hemphill, a department spokesman, said livestock growers must show that their feed production is inadequate to maintain their foundation livestock and poultry for 90 days after they sign up. To receive the emergency feed, they also must have received, or be eligible to receive, emergency Farmers Home Administration loans, he said.

Hemphill said 27.7 million bushels of the corn were available for the program, including 10.7 million bushels in Texas, 1.3 million in Illinois, 6.1 million in Iowa, 3.7 million in Nebraska and 2.75 million in Minnesota.

In a Nov. 1 letter to Benzon, Agriculture Secretary John Block said that "currently, (the Commodity Credit Corp.) has in inventory in 27 states a little over 80 million bushels of corn that is U.S. No. 4 grade or lower." He said about 21 million bushels of that supply were in Texas.

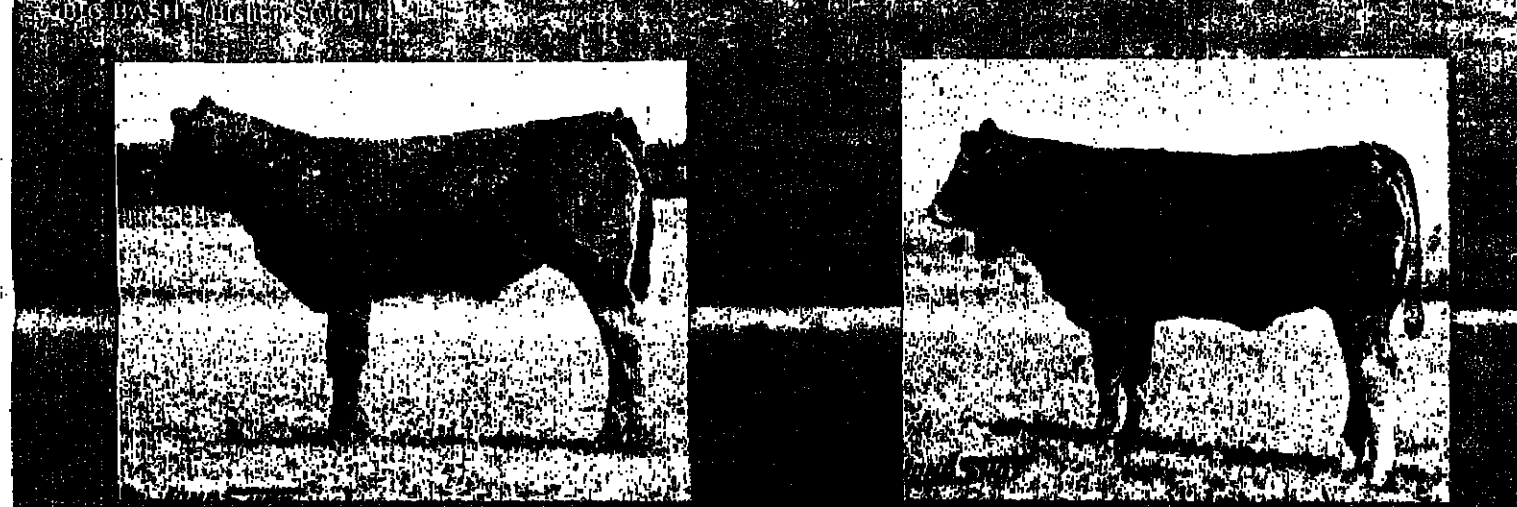

During a congressional conference committee hearing on the legislation on Nov. 15, department officials said about 83 million bushels of such corn were available.

However, Merrill Marxman, a deputy administrator of the AISC, said those figures were based on an inventory in August. He said a new inventory in just the past week showed that only 27.7 million bushels were available.

The drop was because the corn had either been provided to farmers under the government's Payment-in-Kind program or had been used as part of a corn exchange program with warehouses in connection with the PIK program, Marxman said.

# **Local Investors Buy Kan. City Stockyards**

The Kansas City Stockyards Company, a new corporation, has purchased the Kansas City stockyards. It was announced recently by Ray Davis, president of the firm. The facility was bought from United Missouri Bank. Trustee for former shareholders of the Kansas City Stock Yards Company of Maine. Financing for the purchase was arranged by the Livestock National Bank.

The stockyards have been operated by Kansas City Stock Yards Management Company under a management lease since January of this year. Davis pointed out that the stockyards have been in operation continuously since their founding, and that the new owners plan to keep the facility open for the foreseeable future.

Kansas City Stockyards Company consists of 17 local investors, each with a vital interest in the stockyards. They include ten local commission firms, including Davis' Witherapoon Commission Co., as well as Dixon Commission Co., Kansas City Livestock Co., Kille National City, Martin-Kerr, owner of the Livestock Exchange Building; Hugh Morganhead, Jr., an auctioneer at the Kansas City stockyards; Arthur Letzig, former vice president of the Kansas City Stock Yards Company of Maine; and Dan Flanagan, a Kansas City attorney.

# **Pine Lane Brangus Avgs. \$10,104 On 53 Lots**

It was a celebration of ten years in the Brangus business, and the crowd on hand at Jackson, Miss., November 12, could hardly have been more enthusiastic in conferring their stamp of approval. Fifty-three lots went through the ring in Pine Lane Ranch's 10th Anniversary Brangus Production Sale for an average of \$10,104.

Joe Frank Sanderson offered cattle from the very top of his breeding program, a program which has been built around the famed Carson bloodline and inbreeding. In the end, 28 buyers from six states and Mexico took cattle home.

Highest selling lot in the sale was Miss Choya 942-1558, a 5-year-old embryo donor cow by WSR Cloud 942. She had a bull calf at side by Taurus and was bred back to Extra. Brinks Brangus, Slatersville, Texas, and Cow Creek Ranch, Marble Falls, Texas, paid \$37,000 for this lot, which included a pregnant recipient cow carrying an Extra embryo out of the same cow.

Another embryo donor, MS Williams 361-7408, sold to Dorigene Brangus Ranch, Bush, La., for \$36,000. This General daughter was purchased by Pine Lane as the top selling heifer in the 1980 Miss America Sale, and sold with a calf by Quick at side.

Also at \$35,000, Whitehall Plantation, Jones, La., bought MS SS Titan 694HM2, a donor cow by Titan with a calf by Quick at side. Miss SR General 193, another General daughter out of the famous "Queen" cow, sold for \$34,000 to EMI Land And Cattle Co. and Diamond M Acres, Simonton, Texas.

Five embryo transplant pregnant recipient cows with Extra sired embryos sold for an average of \$3,420.

Volume buyer in the sale was the second year was Whitehall Plantation with six lots for a total of \$66,900. Wright Cattle Co. was second at \$67,800.

# **National Beefmaster Assn. Show & Futurity Sale Has Top Of \$5000**

The National Beefmaster Association Show and Futurity Sale was held October 29 at the West Livestock Commission Company in West, TX. The 87 lots went for \$66,100 to average \$1841.

Topping the sale was the champion of the show, a December 1981 heifer consigned by Bar L Beefmasters and purchased by McCarter Beefmasters, Memphis, TN, for \$5000.

Two animals tied for second top with a price of \$4000. One was the first place senior bull consigned by Allen's Beefmasters and also purchased by McCarter Beefmasters. The other was a Jack Mayer consignment, the first place pair, that went to Texas Cattle Company of San Antonio.

Volume buyers in the sale were Arm M Beefmasters of Fort Worth, taking six lots and Bill Fortenberry of Mahank with six lots.

Judge Richard Mays was the sale manager and Anthony Mihalski the auctioneer.

### All Breed Bull Sale Set for Dec. 10 In Clifton, Texas

Plans are being completed for an All-Breed Bull Sale to be held December 10, 1983 at the Central Texas Fairgrounds, Clifton, Texas.

The sale will include approximately 100 bulls from 8 breeds coming from Bosque and surrounding counties. The bulls will be between 18 and 36 months of age, fertility tested and will have health papers for interstate shipment. Prior to the sale of the animals, they will be judged by a panel of three ranchers and educators.

This will be an excellent opportunity for the registered breeder as well as the commercial cattleman to purchase bulls to enhance their breeding program.

Catalogs will be available for distribution around November 5, 1983. For further information, contact: Elliott Auction Service, 1603 Treehouse Trail, College Station, Texas 77840, (409) 898-3608.

### Running Boot Brangus Aves. \$1757 In Kansas

Running Boot Brangus Ranch of Arkansas City, Kansas posted a \$1716 average on 68 lots at their production sale, October 22.

Seven range bulls averaged \$1415, two "King" recipient females \$960, 26 pairs \$2285, 18 breeds \$1440, seven opens \$880, and 10% bloods \$1187.

Top lot of the day was a pair at \$9700 that went to Messenger Ranch of Reno, KS. Hunt's Brangus, Ava, MO, took a pair at \$4250 and Diamond N Ranch of Welch, OK, took another pair at \$4000. Flying H Ranch of Arkansas City, took home the top bull with a price of \$2750 and Ralph Arnet, Waldron, paid \$1850 for a bull.

High selling recipient brought \$4100 from Regal Land & Cattle Co., Dadeville, MO.

Volume buyers in the sale were: Diamond C Land & Cattle Co., Dallas; Messenger Ranch; and Harper Farms, Ulrich, MO.

Syler Sales managed the sale and Harold Henry was the auctioneer.

### CBC Approves \$2.2 Million 1984 Marketing Plan

The California Beef Council (CBC) will continue its aggressive consumer directed programs begun in 1983. CBC marketing plan, which is geared to increase beef consumption, was approved by the 21-member council at its annual meeting last week in Newport Beach.

"The CBC made a major investment in research this year to define and refine today's changing consumer," said Lawrence Serpa, CBC chairman. "This research has enabled the CBC to target its programs to specific consumers and so will increase the effectiveness of the 1984 California marketing plan."

### Year-End Tax Moves For Farmers, Ranchers Are Outlined

(CONT. FROM PAGE 1)

also holds true for profits from forced livestock sales (except breeding and dairy animals) if in an area designated eligible for federal assistance. Proceeds from forced sales of breeding and dairy animals due to drought are not counted as income if they are reinvested in like animals within a two-year period.

Some farmers who received advance deficiency payments on crops in the average reduction program will have to repay those before the end of the year if they will count as income, notes Ahrenholz.

A farmer can also reduce his 1983 taxable income by contributing to an Individual Retirement Account or Keogh plan.

To increase deductible expenses for 1983, a cash basis producer might buy supplies for next year's needs and buy capital items that qualify for a full year's depreciation and investment credit," Ahrenholz says.

However, if a producer is faced with a low profit or loss situation, he needs to take measures to boost income just to take advantage of personal exemptions and deductions. A single taxpayer under 65 with no dependents pays no tax on the first \$9,800 of income while a married couple with two dependent children can earn up to \$7,400 without owing tax.

"The best way to boost income before the year-end is to sell crops and livestock, even if delivery is delayed in 1984," the economist points out. "Taking advance diversion payments, using PIRK entitlements and selling machinery that has been depreciated will all generate immediate income."

To keep expenses down, defer payments until after the first of next year if possible. Buy on an installment contract where practical. Also, shifting costs bought before 1981 from a rapid schedule of depreciation to the straight line method will reduce deductions.

The "Farmer's Tax Guide" from the IRS is the best reference for farmers and ranchers who may want to check on tax points relating to their particular situations.

Ahrenholz also advises producers to check with their tax advisors or consultants now for further information on year-end tax planning strategies.

## Wean more calves with Angus cows

...reduce labor costs

The most important single factor in making a profit with beef cows is to wean a higher percentage calf crop. Research shows that Angus cows settle fast, calve with ease, and wean more calves than other beef breeds.

**Fertility pays dividends.** In a recent 2-year test at Louisiana State University, Angus cows had a 15% greater pregnancy rate and weaned 10% more calves than Brangus cows.

In U.S. Meat Animal Research Center tests, 99.4% of Angus heifers reached puberty at 15 months of age—53 days sooner than Herefords and far sooner than the large continental breeds.

**Superior calving ease.** Moreover, Angus 2-year-old heifers, as well as mature cows, had fewer calving problems regardless of the bull used. These easy-calvers recycled faster, which means they could wean a heavier calf the following year.

Calving trouble is a problem no

cattle producer can afford. Five years of research at Texas A&M University, on a herd of Charolais cows, showed the average cost of calving difficulty was \$15.26 per calf weaned. The average cost of pulling a calf was \$85.50—the cost of a Cesarean section \$243.24.

**Get the traits you need.** Angus Herd Improvement Records (AHIR) help you take the guesswork out of female or bull selection. Angus breeders are the leaders in performance testing. They have nearly 2,000,000 AHIR records on file to identify seedstock with improved maternal traits, rate of gain, weaning weights or calving ease.

Remember too, with Angus cows there is no cancer eye, no dehorning, and no snow burned udders to add to your labor and management costs.

So join the leader. Let Angus cows help you wean more calves and lower your labor costs.

## 60th Anniversary Of Brahman Breeders To Be In Houston

Houston — The 60th anniversary of the American Brahman Breeders Association will be celebrated February 20-23 in Houston, TX. This anniversary celebrates the experience and efforts of breeders and their leaders during their last 60 years of development, expansion, and promotion of one of America's leading beef breeds. The members of the association will hold their annual convention and membership meeting in Houston in conjunction with the Houston Livestock Show and Rodeo. The week's activities promise to provide a festive occasion filled with memories, honors, and a spirit held by Brahman breeders for their proud breed.

Highlights of the week's events will include the 1984 Houston Livestock Show's Third International Brahman Show. Brahman breeders, guests, and friends from throughout the U.S., Mexico, Central and South America will watch as Las Bravas of Allen, TX will be the judge for the two-day show. The females will be judged at 8:00 a.m. on Wednesday, February 22, and the Brahman bulls at 8:00 a.m. on Thursday, February 23. Over 650 head of the best Brahman cattle will be vying for more than \$12,000 in prize money. Following the judging on February 23, attention will move to the Super Sale Salon in the Astrodome for the Third International Brahman Sale sponsored by ABBA, which will begin at 2:00 p.m. This year's sale will feature 23 females and four herd sire prospects. To culminate the festivities, members will enjoy the 60th anniversary dinner celebration and dance on Wednesday, February 23 in the Astro Village ballroom. Music will be provided by Buddy Brock and his big band sound. Tickets for this event are on sale for \$30.00 a person.

Kicking off the week will be committee meetings of the board of directors beginning at 8:00 a.m. through 2:00 p.m. on Monday, February 20. The board meeting will begin at 3:00 p.m. and conclude the first day's schedule. Tuesday, February 21, the members of ABBA will hold their annual membership meeting. Members will then hear reports from their standing committees, as well as reports from Raymond E. Long, ABBA President, and Wendell Schronk, Executive Vice-President of the association.

In addition, the Ladies of the ABBA (L'ABBA) will be hosting a shopping shuttle from the Astro Village to the

## Your Money's Worth . . . And More!

The single most important item in a business transaction today is to get Your Money's Worth. This opportunity will exist at the Mariner Ranch Production Sale, June 9, 1984 with a powerful offering that includes Miss JYM 116.

Miss JYM 116 is a solid red six-year-old daughter of Cherokee NR 1/87. She possesses a strong old line Cherokee pedigree and has the size and conformation to equal the pedigree. Her present weight is 1340 pounds.

Miss JYM 116 has produced 13 pregnancies in only two washes, she will calve naturally in December 1983, and be ready for superovulation immediately after the sale.

Mariner Ranch is offering the opportunity to get Your Money's Worth by selling one half donor interest (no possession) in Miss JYM 116 at our spring production sale. Call or write for details.

## AMERICAN RED BRANGUS ASSOCIATION NEWS

### Paleface Post \$2580 On 91 Red Brangus Yearling Bulls

The twelfth annual Paleface Ranch Red Brangus Bull Sale was held November 18 at the ranch near Spicewood, TX. Performance conscious commercial ranchers as well as registered Red Brangus breeders seeking herd sire prospects combined to make this sale average \$2580 on 91 yearling bulls. Eighty-two of these bulls went to commercial buyers for an average of \$1800, while the bulls going to purebred breeders averaged \$8761.

These progressive Red Brangus breeders were taking advantage of the Paleface Ranch genetics and past performance records to make a lasting positive influence on their herds. There were 32 buyers from Texas, California, Colorado, Florida, Oklahoma and Oregon.

Topping the sale at \$25,500 was PFR Duplicate 94th's 400/3, a September 1982 son of PFR Oscar's Duplicate 94/6. He went to Triple Creek Ranch of Houston.

McCoy Ranch and G & B Bluff Ranch of Lampasas joined forces to give \$14,800 for a January 6, 1988 son of PFR Performer's 350/6. Graham Cattle Company of Austin gave \$8100 for a November 1982 son of 350/6.

Three Corners Ranch of Gilmer gave \$7500 for a December 1982 herd bull prospect. Then the next two top selling bulls were \$4900 and \$4800 going to Triple J Ranch of Pittsburg, TX and Buena Vista Cattle Co. of Bend, OR.

Volume buyers at the sale included Tejon Ranch of Lebec, CA with 24 bulls

Jack Hamilton (left) of Ardmore, OK, visits with Mike Levi after the annual Paleface Ranch sale November 18 in Spicewood. Hamilton was the volume buyer of bulls at the sale.

and Jack Hamilton Ranch of Ardmore, OK buying 20 bulls, both being repeat customers. The third volume buyer was a new purchaser this year, Bradbury Ranch of Byers, CO.

Auctioneer for the sale was Bert Reyes and sale manager was Syler Sales Management.

PFR Duplicate 94th's 400/3, high selling bull at the Paleface Ranch Red Brangus bull sale brought \$25,500 going to Triple Creek Ranch of Houston, Texas.

### Fort Worth Rodeo Tickets On Sale At Coliseum

Fort Worth Stock Show Rodeo tickets go on sale over the counter Monday in the lobby box office of Will Rogers Memorial Coliseum for the Jan. 25 through Feb. 5 event that will feature a variety of exciting entertainment, reports W.R. Watt Jr., Stock Show president/manager.

The box office will be open from 9 a.m. until 6 p.m. Monday through Saturday. Watt said plenty of tickets for the 1984 edition of the World's Original Indoor Rodeo remain, but encouraged rodeo fans to get their tickets early for best selection.

Tickets are priced at \$10 for Friday night and all weekend performances, \$8 for Monday through Thursday nights, and \$6 for Monday through Friday matinees. He pointed out that Monday, Jan. 30, will be Tarrant County Public School Day with most of the schools in the county allowing students a free day to attend the Stock Show.

### Red Brangus Bonanza Sets \$2372 Average

The second annual Red Brangus Bonanza II Sale was a big success at the Jay Hasted Ranch near Columbus, TX. Eighty-seven lots grossed \$206,400 to average \$2372. The cattle were actively bid on by a large crowd of buyers from California, Louisiana, Missouri and all over the state of Texas.

High selling lot was A R Buchli's 1300 bull that sold to Broken Bow Ranch of Columbus, TX for \$7000. Second high selling lot was John Kopycinski's 310 cow that sold into a three way partnership of Mike Levi, Paleface Ranch; Lee McLean, McLean Ranches of Willard, MO; and Willie Nelson, the famous singer from Austin. She sold with a 776 heifer calf at side bred to the same bull.

Second high selling female came from LaVera Sanders' Box O Ranch of Caldwell, TX going to Mike Benson of Benson's JMB Ranch in Saddle, TX for \$6500.

Second top selling bull was consigned by Oakway Farms and sold to Double Diamond Ranch of Swiss Alps, TX for \$8200. He was a low yearling son of Extra.

Volume buyers of the day included Franklin Plato's Flat-O Ranch of Port Aransas, Franklin Slits of Thrall and Harold Watson of DeRidder, LA. The sale was managed by Buddy Smith of Superior Sales, Huntsville, TX. Auctioneer was Gerald Bowie of West Point, GA.

has been scheduled for the enjoyment of everyone," Watt said. Spotlights will be on Mr. Rhythm, "The Wonder Horse," an American Saddlebred Horse capable of performing more than 60 dance steps; the Flying Cossacks, a family from California that presents a dynamic trick and fancy riding act never before seen in Texas; and the famous Anheuser Busch Clydesdale Hitch.

Neal Gay of Mesquite, Texas, will be returning as rodeo manager and production coordinator. He has signed several top rodeo stock contracting firms to help provide the best bucking animals available in the rodeo world to assure Fort Worth Rodeo fans the most outstanding rodeo of the year, Watt said.

Mail orders are being taken for rodeo tickets at the Stock Show Office, P.O. Box 150, Fort Worth, TX 76101. When ordering by mail include \$1 extra per order for return postage and handling.

### Red Brangus Futurity Set Strong Average Of \$3050 On 19 Heifers

The sixth annual Red Brangus Heifer Futurity and Sale was held Friday, November 18 at the conclusion of the Paleface Ranch Red Brangus Bull Sale at the ranch near Spicewood, TX. Nineteen heifers grossed \$57,800 to average \$3050.

Two lots tied for the top selling position at \$5000. Pled Piper Farms of Hamlin, TX sold an October 1982 heifer to Sam Scardino of Schulenberg, and also going to Sam Scardino was the reserve champion female of the futurity consigned by Guerra Brothers and Tom and Wenta Ranch of Linn, TX. She was a February 1, 1983 daughter of OK Envy Extraordinary 64/7.

Selling for \$4200, again going to Mr. Scardino, was a January 29, 1983 consignment by Guerra Brothers. She was a daughter of GB Geronimo 100. Lareforma Cattle Company of Linn consigned a heifer that also sold for \$4200 and went to Mr. Scardino.

LaVera Sanders' Box O Farms of Caldwell sold a November 29 heifer that went to Mr. Scardino for \$4000, as did the grand champion female of the futurity, consigned by Double W Ranch of Austin.

Sam Scardino was the volume buyer, taking eight of the outstanding females. The sale was managed by Syler Sales Company and auctioneer was Bert Reyes.

## TEXAS LONGHORN NEWS

Gill Warner and the South Texas Longhorn Association are planning their annual ranch tour for February and the South Texas Annual Sale is scheduled for May.

The Gulf Coast Texas Longhorn Association hosted a tour of three ranches at its quarterly membership meeting in November. The group of over 16 people visited Crockett, Laysacker, Buchanan at New Ulm, and Darrell Whisenand near Houston. The Gulf Coast Longhorn Association is also sponsoring "The Gathering," a sale of 50 lots consigned by 50 breeders during the Houston Livestock Show.

New officers for the Kansas Texas Longhorn Association are: D. LeRoy Pace, president; Dick Robbins, vice president; Shirley Bowen, secretary; and Cheryl Carlson, treasurer. Directors are Randy Olson, Joey Moore, Tim Miller, Richard Clark, and Cork Robbers. President Pace announced that for the third year, the association will take part in the Kansas Livestock Association's Beef Expo held during March 1984.

A maximum of 80 head of bulls aged 18 months old will be sold in the Golden Spread Texas Longhorn Association's annual bull sale in April. The bulls will be gathered up in February in conditioning lot to be prepared for the sale. The association is also making plans for the TLBAA Convention to be held in Amarillo in 1984.

More than 80 new breeders attended to North Texas and Oklahoma Texas Longhorn Breeders Association "New Breed Working Field Day" recently. The Longhorn enthusiasts learned some ranch tasks such as branding, vaccination, and halter breaking calves. Raising is now in final stages for TLBAA's Texas Longhorn Breeders Association "New Breed Working Field Day" recently.

The weekend will include two sales, the TLBAA Select Sale and the Clear Mt. Ranch's WR Bloodline Sale. Oklahoma Texas Longhorn Association recently sponsored a booth at the Oklahoma Cattlemen's Association annual meeting in Oklahoma City. Ron Coe and Jack Klutts represented the association at this meeting.

The Ark-La-Tex Texas Longhorn Association is busy preparing for their May 6 Cajun Classic Sale in Shreveport, Louisiana. The activities will include a day of thoroughbred racing at Louisiana Downs, a Cajun cookout, a youth show, and the sale of 100 head of quality Texas Longhorns.

# Commodities Comment

Week Ending Dec. 1  
Bull fever? That's what it appears to have gripped the futures markets this past week. All markets, livestock, grains, metals, currencies and the DOW, have rallied sharply over the past 5 trading days. There has been no new piece of news to cause such a spurt in prices, but we're in the midst of one heck of a rally across the board. If I had to single out one item that could have been the cause of this rally it would be the softness of the U.S. dollar this past week. Keep your eye on the dollar. Any more downward pressure there and the head of Chianina and Chianina cross cattle on December 16 at the Brush Livestock Auction in Brush, Colorado. Starting time is set for 11 a.m.  
Selling will be 55 bulls, 385 cows, 210 first and second calf heifers and 240 steer and heifer calves. Cows will be pregnancy checked and blood tested.  
For information, contact: Odle Cumberlin, Brush, Colorado, 303/842-2822.

# Wool & Mohair

Denver, Dec. 1 (USDA) - Trading on domestic wool very quiet with only one load of 54's sold at \$1.30 clean delivered basis. Australian wool auctions steady this week as the Australian Wool Corporation purchases continue to average about 85%. No Texas mohair sales reported this week but undertone remains steady to firm.

The grain markets have responded to the weak U. S. dollar by moving as much as 50 cents a bushel higher this past week. Soybeans, as usual, led the way followed by wheat and corn. Last week a considerable amount of commercial buying entered the market and helped stabilize prices. This past week there were no notable buyers, but one large professional house sold 12 million January beans on Wednesday, only to buy them back Thursday. The news is the same for grains - a strong dollar hinders demand. Watch the dollar! That's the key to price direction. At this writing, December corn closed at \$3.40½, December wheat at \$3.47½, and January beans at \$8.13.  
The livestock markets continue to act pretty good. In the hog market most of the buying appears to be coming from computers probing the long ride hoping to get a handle on a "bull move". The cattle market has been moving higher for over 5 weeks. This week a severe

early winter storm hit the west and northwest portions of the country and gave the cattle an extra kick upwards. Commercial buying in cattle has been noticeably absent as of late, but they have been good buyers for the past several weeks. Slaughter levels remain quite high and that is a bothersome feature for this current rally. Today's hog slaughter hit 400,000 head, an all time record. At this writing, December hogs closed at \$43.17, December cattle at \$63.22, and February bellies at \$60.50.

Which Way From Here?  
Generally speaking I do not like to be a "bear" in the month of December. Right now, too many futures markets are at depressed levels and a sharp rally across the board is long overdue. This is particularly true for soybeans, wheat, corn, currencies and precious metals. The market psychology is not nearly as "bearish" now as it was two and three weeks ago. Most markets appear headed higher into late December or early January.

Livestock prices appear to have a solid base under them. Near term heavy hog slaughter and sloppy demand will make rallies for all livestock difficult. But, most commercials are generally buyers on price pull-backs and I look for that trend to continue. Both the December and February cattle reached the \$64 level plus this week, that may be enough of a price rise for now. Don't choose these cattle! Buy the \$1.50 to \$2.50 breaks. I'm still very "bullish" down the road; but, in commodity trading concern over where prices will be in 24 hours is often times more important! The February cattle option should dip back to the \$50 to \$61.50 level. That has been a level where quality commercial buying was uncovered in past weeks. Following a pull back to that level a move to \$65, plus, should be coming. Jerry Welch, Commodity Specialist, Prudential-Bache Securities, 231 S. Bemiston, Suite 1400, Clayton, MO 63105. Move round bales as gently as hydraulics without leaving your pickup seat!

**Priefert Hay Dolly**

No winches  
No hydraulics  
No electrical connections

**Don't Damage Your Roof!**  
When you get moisture under the roof of the bale, it can't dry out and this spoils the hay. The Priefert Hay Dolly never touches the roof, never drops or rolls the bale. With no bale damage, there's seldom bale spoilage.  
The Priefert Hay Dolly hooks to your pickup or tractor with only a simple pin hitch and trip rope. Because brakes are not required, the Hay Dolly works well in bad ground conditions. The simplicity of the Priefert bale mover will amaze you and assure you of a long, productive life for this unit.

Myth: The increase of fat consumption in the U.S. has resulted primarily from increased consumption of meat and other animal products.  
 Fact: The average per capita level of animal fat in the food supply was 100 grams in 1947-49 and 99 grams in 1980. Average level of vegetable fat was 60 grams in 1947-49 and 70 grams in 1980. We still consume more animal fat than vegetable fat, but the increase in fat intake has resulted entirely from increased use of vegetable fat. In 1980, fats and oils (including butter) contributed 48% of the fat in the U.S. food supply; all meats (including poultry and fish) contributed 36%; and all dairy products (not including butter) contributed 16%.

 FROM THE HEART OF THE ROCKIES.  
**A Testimonial...**  
 "This past winter I used Pro-rich supplemental feed on my cow herd. I was very pleased with the results. As the cattle came through the winter in better condition than ever before, the cattle shined off immediately and cycled earlier. Having used different feeds in the past I can appreciate the value of the Prorich formula."

### Stuph & Thangs

(CONT. FROM PAGE 11)  
th' money might be well spent, if there was some way to keep the ice from git' in on th' game.

Just this mornin' there was a piece in the paper that said th' good old boys at Pratt & Whitney Aircraft had come to th' conclusion they may have grugged Uncle Sam a wee bit under a couple of 1980 spare parts contracts and out of th' goodness of th' little hearts were goin' to give back \$432,000 in overcharges. These folks are not alone in th' game of overcharges.

Just about every military contractor has now been fingered for chargin' hundreds and thousands of dollars for parts & tools which in some cases could be bought for pocket change in th' corner hardware store. This game is not limited to th' military contracts. Th' same kind of legal and illegal pocket-pickin' of Uncle Sam has been goin' on in every Gov'mt endeavor from food, medical care, and welfare of all kinds. Some of them Welfare Queens & Kings have been suckin' th' life blood of us tax payers for ten of thousands of dollars by claimin' imaginary children to needless charges of all kinds. Gittin' on some way to get a cut of th' Gov'mt money has in too many cases been a one way ticket to Easy Street and practically instant wealth.

If Reagan & Co., and Th' O'Neill & Co., and th' rest of our politicians would just give this stuff a fraction of the attention those \$200 Billion short falls could be trimmed by those billions needed to start th' Gov'mt livin' somewhere near its means. Frankly, we can't see th' difference between takin' money at gun point and rippin' off th' rest of us in these various other ways.

If it takes a good dip or dusting or worming to get these parasites off our backs, then that's what th' folks who are supposed to be runnin' our Gov'mt ort to concentrate upon.

Ever thine, The Editor.

P.S.: Uncle Dunk fingers Presidential Aspirants Mondale & Glenn as gittin' a lot of publicity with their potshots at each other and th' Republicans had better watch out. If they kias & makup, they might have a tough ticket to run agin Reagan next year. Outside Jesse Jackson, just might be th' catalyst that could bring that about as th' Democrats try to bring some kind of order to their campaign. Dunk claims th' folks in Texas and other oil states had better git braced. As oil and gas money runs shorter and shorter new taxes are on th' way for energy and sales taxes a sure as can shootin', -Thassal, Brothers!

25.00-31.50, US 1-2, 80-90 lbs. 30.00-36.00, US 1-2, 80-95 lbs. 30.50-36.00. Some plain US 2-3, 45-76 lbs. 20.00-27.00, US 2-3, 80-45 lbs. 12.00-19.00.

Myth: The fat in beef is saturated fat. Fact: Beef fat contains only about 47-49% saturated fatty acids. The rest is unsaturated fatty acids, including significant amounts of polyunsaturated fatty acids. - NCA.
